MEXICAN CRISIS IS REFLECTED IN STOCK MARKET

Motor Issues Seem Weakest; General Shrinkage Among Rails; Bonds Share in Universal Depression.

NEW YORK MORNING JOURNAL SPECIAL LEADED WIRE

New York, June 19.—All other considerations and conditions were forgotten by Wall street today in the unmistakable concern manifest over fresh complications in the Mexican situation. Mexican shares naturally bore the brunt of the liquidation, which began at the outset and proceeded with greater force and breadth at the close. Mexican Petroleum and Texas company yielded 6 1/4 and 5, respectively, with two for California Petroleum preferred, while United States Smelting at its lowest was down 4 1/4 points, with two or more for American Smelting, Green Canyon Copper and Southern Pacific.

Motor issues, whose technical position seemed weakest of all the specialties, broke three to five points, with 11 for Willys-Overland, 10 for American and Baldwin Locomotives, and American car, together with cuppers and other metals receded 2, 3 and even 6 points. Relatively United States Steel gave the best account of any prominent issue, its loss being only 1 1/2 points.

Among rails, the shrinkage in quoted values was so general as to make detailed reference unnecessary. Railings ranged from 2 to 3 points. Total sales of stocks amounted to 785,600 shares.

Western railway centers reported an increase of 6 to 12 per cent in tonnage over the corresponding period of last year, though slightly under the preceding week.

Bonds felt the effect of the weakness in shares, speculative issues making variable concessions. Total sales of bonds, par value, were \$2,825,000.

United States 2s and 3s were 1-2 percent lower, the Panama 2s, 3-4 and 3-2 points down on call.
